DESCRIPTION:

The cylindrical SECRET GARDEN lamp is made of two elements coated with patterned fabric by an Italian designer. The lamp has plugs on all levels (also from the above) that prevent the dust from getting inside. Classic round shape makes the lamp suitable for both house interiors (bedroom, living room, hallway) as well as for hotel interiors.

The lamp is very decorative and its patterned fabric will liven up any interior. Thanks to a large-diameter opening it provides a lot of light.
