DESCRIPTION:

The LOBBY Plafond consists of an impressive lampshade made of Italian ribbons and a brave rosette.

From the bottom, the hole is capped with a milky plastic blind. Cable passed through a brass tube finished by grinding like the soffit board. Rated at IP20, the fixture can be used indoors.

The classic round shape makes the lamp suitable for both home (bedroom, hall) and hotel interiors.

It is very elegant and the size will brighten up every ceiling. The textured finish draws attention to quality and creates an interesting, cozy atmosphere. Thanks to a high-diameter hole, it gives out a lot of light. If possible, use a dimmer to create any mood and take full advantage of the lamp's possibilities.
